☞ The first number of our Price Lists was issued as an experiment, and copies were sent to all numismatists of note, so far as known to us. The responses have been sufficiently encouraging to warrant a continuance of the Lists; still it is necessary to increase the number of subscribers, or to increase the price of the Lists, to make the project remunerative. Any surplus funds that may accrue from the sale of these Lists will be devoted to the purchase of books for our library. Already we have about fifty volumes relating to numismatic science,—some of them rare and valuable, recently imported. We wish to found a library that will be available, directly or indirectly, to *all* numismatists, and we earnestly invite their co-operation in the enterprise.

In future the Price Lists will be sent to *subscribers* only, who will please remit the price by return mail.

Subscriptions will be received by EDWARD COGAN, 95 William Street, New York; MASON & Co., 139 North Ninth Street, Philadelphia; and by CHARLES CHAPLIN, Librarian N. E. N. & A. Society, 14 Spring Street, Boston, Mass.
